"The team at Nexis Accountants & Business Advisors are the true experts in tax. Over the past 13 years, Domenic and his team have prepared and lodged all of our financial accounts and income tax returns. They have ensured that I am kept compliant with all the accounting, GST and FBT regulations and they are proactive in keeping me up to date with my payments to the ATO.

Over the years, they have also been instrumental in creating tax planning strategies.

The team at Nexis feel like they are an extension of my business because they are constantly going above and beyond like the way they constantly touch base with me and offer ad-hoc advice. They make me feel at ease and explain things so I understand. They have become more than just my accountants, they are now our friends because they honestly care about my business."
